

The compact printer that grows with your business

## IBM Infoprint 1116

---

### Highlights

---

- ***Up to 16 page-per-minute print speed***
- ***Impressive 1200 dots-per-inch image quality for professional results***
- ***Reliable operation with high-capacity cartridges and a robust duty cycle***
- ***Powerful processing for printing complex documents***
- ***Multiple datastream support for broad platform connectivity***

The IBM Infoprint® 1116 is ideal for individuals and small workgroups requiring a monochrome laser printer. The printer offers exceptional value with a low acquisition cost and flexible networking options. With a fast print speed of up to 16 pages-per-minute (ppm) for on-demand convenience and efficiency, the Infoprint 1116 allows you to keep up with the pace of e-business.

### **Versatile and expandable**

The Infoprint 1116 can support a variety of media types and sizes such as envelopes, transparencies, legal and A4-size paper. An increased input option helps minimize user intervention.

### **Networking options for seamless connectivity**

Today's workgroups need fast, reliable connectivity and the ability to print images from the Web. The Infoprint 1116 offers a network-ready model in addition to the base model, resulting in easy host connections and high-speed communications. Remote printer configuration, management and monitoring software can help reduce network administration costs.

## For more information

To learn more about the IBM Infoprint 1116 printer and how it can make your printing operation more efficient, contact your local IBM Printing Systems representative, visit [ibm.com/printers](http://ibm.com/printers) or call (800) 358-6661.

## IBM Infoprint 1116 Printer at a glance

For expanded specifications visit [ibm.com/printers/workgroup](http://ibm.com/printers/workgroup)

### Maximum speed

pages per minute (ppm) 16 ppm

### Technology

Monochrome laser

### Maximum monthly usage<sup>1</sup>

15,000 pages

### Processor

133 MHz RISC

### Print Resolution

300, 600, 1200 dpi

### Memory (std/max)

8/72 MB (Base model) 16/80 MB (Network model)

### Paper Handling

Standard input capacity: —Primary tray: up to 150 sheets  
—Auxiliary tray: 1 sheet

Optional input capacity: —Optional drawer: 250 sheets

Standard output capacity: —Primary output: up to 100 sheets  
—Secondary output: 1 sheet, straight paper path

### PC-interfaces (standard)

Base model USB, Parallel  
Network model USB, Fast Ethernet 10/100BaseTX

### Compatibility

PostScript Level 2 emulation, PCL 6 emulation  
PPDS migration tool

### Printer attachments (standard)

—USB port  
—Bidirectional parallel port (Base model)  
—10BaseT/100BaseTX Ethernet (Network model)

### Optional

Token-Ring -3 port, Ethernet

### Media Sizes

Letter, legal, A4, A5, JIS B5, executive

### Media

Type Plain paper, bond, envelopes, card stock, paper labels and transparencies

Weight Plain paper: 17 lb to 43 lb (64 to 163 g/m<sup>2</sup>)  
Card stock: up to 90 lb. index

### Network Environment

Microsoft® Windows® XP, 2000, Me, 98, 95, NT® 4.0 or higher;  
UNIX, Linux, Mac OS and Novell

### Physical Characteristics (WxDxH)

15.0" x 14.2" x 8.7" or 380mm x 362mm x 221mm

### Environmental Characteristics

—49 dBA —35 dBA (idle)

### Toner Yield<sup>2</sup>

3,000 Starter Cartridge  
3,000/6,000 Toner Cartridge (std/high)

### Warranty

1 year exchange

<sup>1</sup> IBM does not recommend printing this monthly maximum on a consistent basis.

<sup>2</sup> Assumes 5% toner coverage per page.
